

**FAASTeam presents:**

# **EAA Chapter 105 presents the WINGS Pilot Proficiency Program**

The WINGS Pilot Proficiency Program is an excellent way to sharpen your aviation skills and satisfy your Flight Review requirements at the same time. At this EAA seminar, Willamette Aviation CFI John Barringer will offer an overview of WINGS, how you can complete phases of the program (while tracking your progress online) — and best of all, how WINGS can save you money. Admission is free of charge, and (of course) eligible for WINGS credit. As an active pilot, you are required to complete a Flight Review (or the equivalent) at least once every 24 calendar months, whether you fly for the airlines or just on weekends with family and friends. To complete a Flight Review, the FAA requires that pilots log at least one hour of ground training and another hour of flight training (FAR 61.56). Completion of a WINGS phase can be used in lieu of a Flight Review [FAR 61.56(e)].

**Directions:** DRIVE IN - Two miles south of Wilsonville, just off I-5. 1/4 mile south of Arndt Rd. FLY IN - Taxi to the very north end of the Aurora airport. Park on the ramp between the fuel island and the FBO building. AVOID OVERFLYING POPULATED AREAS.

**A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
